CONGRATULATIONS TO THE CLASS OF

2011

SINCERELY,
KENIA E

To the graduating class of 2011

As graduates of the Barack Obama Academy of Academic and Civic Development you have achieved a milestone in your lives and we are truly proud of your accomplishments. You have set a raised level of academic excellence which future graduates will have to emulate to epitomize a Barack Obama Academy alumnus. You have dedicated yourselves to achieve academically and helped redesign the educational construct of our school. We will forever be known as a Small Learning Community, which provides academic alternatives for students. The teachers, support staff, and educational community are excited about the leadership you have provided for the underclassmen and are confident you are prepared to continue your academic journey. You are our largest graduating class and it has been an absolutely enjoyable school year. Remember that as graduates of the Barack Obama Academy you will always represent our school wherever you go in life and expect that you will never forget what President Obama shared to all students, "We know that education is everything to our children's future. We know that they will no longer just compete for good jobs with children from Indiana, but children from India and China and all over the world. We know the work and the studying and the level of education that requires." You have earned a diploma from our academy and know that this is just the beginning.

Fellow Messages to the Class of 2011:

you!**

Mr. Stans

Senior Class Advisor

To the Graduated Class
of 2011,

It has been a pleasure
watching you grow
during your tenure at
Plainfield High School.
These past four years
have been full of
excitement, adventures
and personal milestones.
We shall all remember
these moments as we
reflect on these times in
years to come. You have
truly evolved from a
feisty group of freshman
to sophisticated seniors.
We have worked wonders
by changing the phrase
"two piece" [slang for
fighting] to "peace". We
have enhanced our
vocabulary and added a
new definition to the
term "tough love".
Nonetheless we have
nothing but love for each
other although we
express it in many
different ways. We are a
family. We embrace each
other during times of
need. We uplift one
another as we rise
against adversity.

Plainfield High School Graduated Class of 1985

Education is the key to success!!!

As members of the class of 2011, your graduation comes at the beginning of a new decade. Every decade brings new challenges and hurdles to overcome, this decade is no different. The past four years at PHS have helped you to grow and have taught you to face challenges. You now possess the ability to leap over the

many hurdles that life may bring.

Fredrick Douglass stated, "It is easier to build strong children than to repair broken men." We believe that PHS has given you the opportunity to become strong young men and women. So take hold of this opportunity and soar! Be the best that you can be but don't stop there. Help others around you to also be the best they can be so that you can have a world of which you are proud.

Class of 2011, we will truly miss you! We will miss the contributions you have made and the role you have played in making PHS a better school. You will always be a Cardinal!

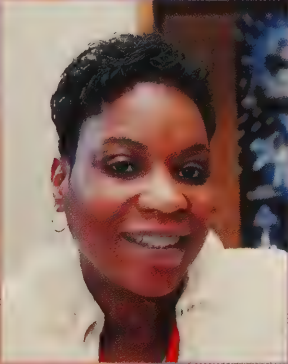

Good luck
in all your
future
endeavors.
Sincerely,
Dr. Brian

2011

Most of you were nervous and feeling anxious about what to expect in high school. **LOOK AT YOU NOW!** You have taken on the leadership reigns of the high school and I am truly proud of you. I watched as you transformed from antsy freshmen to mature, focused seniors. As you begin your next transition and leave the home of the Mighty Cardinals, I want you to remember and hold on to what the Cardinal symbolizes. The Cardinal has the extraordinary ability to sing different songs. Let the world hear a song from each and every one of you. The Cardinal is also known for its endurance and for its ability to defend. As you make your mark in the world, stay true to your beliefs and defend them vigorously. I encourage you to **LOVE LIFE** and to **CHASE YOUR DREAMS WITH A VENGEANCE!** May you continue to be blessed with the light of knowledge and understanding. I wish you the best in all that you pursue.
